Dear Farrell Junior/Senior High School Student:

The primary goal of this handbook is to acquaint you with the school policies and procedures, which will apply to you during this school year. The handbook will provide you, the student and your parents, with information that should enhance your school year. Please review the handbook thoroughly in order that you understand what is expected. While this handbook is valuable it is not an all-inclusive document. For greater detail on school policies, please contact the school and ask to see the district's code book.

Your cooperation with the contents of this handbook is expected and will be greatly appreciated. Our wish is to maintain an atmosphere of mutual respect and dignity between our students and staff. Best wishes to you for a successful and enjoyable 2018 - 2019 school year.

ACCIDENT INSURANCE

School accident insurance is available to all students. Each student is urged to take advantage of this program. Any student planning to participate in athletics must be covered by an insurance program or have a waiver signed by his/her parents.

While participating in any school supervised activity, if a student sustains an injury, it should be reported immediately to the teacher in charge. Failure to report injuries may result in loss of benefits covered by school insurance. The school district does not carry individual insurance for students or their personal property.

AFTER SCHOOL GUIDELINES

No pupil is to remain in the building beyond the dismissal time unless under the direct supervision of a staff member. If students are in the building after dismissal and are not attending a supervised event, they will be asked to leave. If the student refuses this request there will be a progressive consequence that takes place.

No practices or meetings of any kind are to be held without first scheduling such with the Principal's office **and** with proper teacher supervision. All students must exit the building from door #1 and #28.

ANNOUNCEMENTS

All announcements of interest and importance to students are made during first and seventh periods and can be submitted prior to 8:00 a.m. for reading. Morning announcements will come from the high school administration.

ATTENDANCE

Absences from school are listed as **legal** or **illegal** by the Administration. The school has an appeal procedure for parents and students to take into account extended illnesses, injuries, epidemics, etc. Parents and students can appeal to the Principal.

Students will receive warning letters after the 3rd, 6th and 9th **illegal absence**. After the tenth (10) **illegal absence**, charges will be filed with the District Magistrate against the parents, or legal guardians, and student. There is a fine of up to \$300.00 plus court costs. The magistrate may also delay a student from getting their driver's license, or even take it away. Other options the District Magistrate may consider are as follows: A student may lose their driving privileges for (90) days for the first offense, and (6) months for the second offense. Children and Youth Services (CYS) will be contacted on the second citation. Students may also face disciplinary action,

which includes but is not limited to: detention, in-school suspension (ISS), and a loss of participation in school activities.

For an absence to be deemed **legal**, a written **lawful** excuse must be presented to the Attendance Office within two days of the student's return to school. For an excuse to be **lawful** it must be from a medical practitioner, a professional appointment that is deemed acceptable by the school district, or an appointment that is preapproved by the High School Principal. Medical excuses must state "ongoing medical problem" if applicable. All excuses must supply the following information: Date of absence, reason of absence, and contact information of who is supplying the excuse. A signature is also required. Farrell Area School District reserves the right to verify an excuse with its origin. **Only 3 parental excuses per semester will be accepted as valid towards excused absences.**

Students missing days with prior knowledge of the absence are responsible for alerting the office and meeting with each teacher prior to the absence to create a plan for making up any missed work. Forms for preapproved absences are available in the office.

This policy is in accordance with the Pennsylvania School Code **24 P.S. § 13-1327 Compulsory school attendance** and in conjunction with the regulations of the State Board of Education of Pennsylvania (12.1). Failure to comply with the provisions of this act regarding compulsory attendance is a summary offense and upon conviction, thereof before an alderman, magistrate, or district justice parent/guardian shall be sentenced to pay a fine.

A student must be in class at least four periods to get credit for attendance that day.

Attendance may be considered in relation to a student's participation in extra-curricular activities and/or events. In accordance with P.I.A.A. regulations, Farrell High School will adhere to the following statement: *"If you are absent from school during a semester for a total of 20 or more school days, you will lose your eligibility until you have been in attendance for a total of 45 school days following your 20th day of absence."*

ABSENCES AND MAKE-UP WORK (VACATION, ILLNESS, ETC.)

Students are to be given the same amount of days as they were **legally** absent to make up all missed assignments and work. For any absence over five (5) days, students will be given a maximum of five (5) consecutive days to turn in all work and assignments. **When missing days for vacations, class trips, etc., students are responsible for gathering assignments and working out a make-up schedule with their teachers prior to departure. Failure to take proper responsibility may result in receiving no credit for missed work.**

Note: Students missing ten (10) or more consecutive days may be withdrawn from the Farrell Area Schools District. If a medical excuse is provided homebound instruction may be considered on a per student basis.

Makeup Credit

If a student's work is incomplete due to excused absences from school, it is his/her responsibility to make arrangements with his/her teacher to complete given work. Since students are responsible for work missed while out of school, we suggest you contact the Guidance Office to get assignments in the subject areas that concern you. Please allow a 24-hour period for assignments to be gathered.

The subject teachers will give homework assignments via the Guidance Office where you as a parent are responsible for picking them up. (**724-346-6585** extension **1205**). In addition, it is also helpful to have students contact classmates to learn of missed work/assignments.

Early Dismissal and Appointments

Any absence from school, whether it is a full or partial day, is subject to the Attendance Policies of the Farrell Area School District.

Acceptable early dismissals (or late arrivals) are limited to medical, dental and legal appointments, and those rare and extenuating circumstances deemed acceptable by the administration. Parents/ guardians must enter the building and sign the student out. **Phone calls are not acceptable.** No student, regardless of age, can sign themselves out. A parent/guardian signature is required to sign their child out.

The school district asks, that for the benefit of the children and the learning process, that every effort be made not to make any appointments during school hours. The student is required to bring a **verification slip from the medical office (or place of the appointment) upon return to school that day or the next morning.** It's also helpful, if prior to the appointment, if the student brings a written statement that includes:

1. Date and time dismissed
2. Length of time required
3. Name and location of doctor or appointment information
4. Signature of parent or guardian

Any student who has attended less than **four full periods** will be considered absent for the entire day. For any absence to be considered legal, an excuse must be submitted within two business days of the absence. Any student who has completed at least four full periods, but has not completed the entire day will be considered to have attended a half day.

Three half days (where the four full periods have been completed) that are not considered legal/excused absences are equal to one full unexcused/illegal absence. These dates can be accumulated and the student can face in school disciplinary actions, as well as, the student and parent having charges filed against them with the District Magistrate.

In regards to extra-curricular activities; any student that has completed less than four full periods must submit a legal excuse to either the Principal, Attendance Officer or Athletic Director prior to the event to be eligible to participate that day.

Students who accumulate excessive early dismissals may face disciplinary action, including but not limited to, the loss of privileges.

Tardiness to School

Any student not in their first period assignment by the 8:00 a.m. tardy bell will be considered tardy or absent and should only be admitted into the classroom with a pass from the attendance office. The Administration reserves the right to require a medical excuse for excessive tardiness.

Chronic tardiness will result in a parent conference. The second offense in a given semester (2 nine week periods), in which a student is tardy will result in the student receiving a single detention. On the third offense a double detention will be issued, on the fourth offense two double detentions will be issued, and on the fifth offense three doubles will be issued, as well as, a letter being sent to the parent. Any tardies after the fifth offense will receive disciplinary consequences as per the High School Principals' discretion. Such consequences may be, but are not limited to, in-school suspension (ISS), out of school suspension (OSS), etc. Students will receive a suspension and charges will be filed with the local magistrate. In addition **Three days late = 1 unexcused absence.**

NOTE: Students who arrive late, but before 4th period will be deemed tardy. Students arriving after 4th period will be considered absent for the full day. (Times apply to our regular, full-day schedule only).

Tardiness to Class

If a student is tardy (unexcused) to class they will receive a single detention. If the student is tardy to the same class (3) three or more times a semester during the school year, it will result in a double detention. If the tardiness continues, student will be referred to Administration.

Graduation Requirements regarding Attendance

Any student in their senior year who has been Tardy to school more than 30 Days will forfeit participation in the Commencement Ceremony and any other Senior Activity. Also any student in their senior year who has been absent from school a total of 30 Days or more will also forfeit participation in Commencement Ceremony and any other Senior Activity.

If a student's behavior warrants a teacher detention, that student must serve the detention with the assigning teacher **the same day** it is issued. If there are extenuating circumstances that prevent the student from attending, they are to inform the teacher immediately, and if valid, the student will be permitted to serve the detention the next day. If a student receives both a teacher detention **and** an office detention, the student must attend the teacher detention first; ask for a written pass from the teacher that includes the time student was released from detention. The student is then expected to attend other detentions that same day by submitting the pass. Students have two days to serve an office single detention before it converts to a double. If students have multiple detentions they have two days to start their detentions. These multiple detentions must be served consecutively. If a student becomes a chronic offender of detention, they will be subject to a suspension.

Some reasons for which detention may be assigned, but not limited to, are as follows:

EXTRACURRICULAR ACTIVITIES

Extracurricular Eligibility Policy

Attendance:

Student attendance will be closely monitored by the attendance officer to ensure that the regulations as written in the **PIAA Constitution and By-Laws** are strictly enforced. Students who are not in attendance for a full day of school (by 9:30 a.m.) cannot practice or participate in athletics on that day. If a student arrives after 9:30 a.m., he/she becomes ineligible on that day. This is defined as being signed in at the office after 9:30 a.m. Exceptions will be made only if the student has a written or otherwise confirmed medical, dental, or counseling appointment with a qualified professional. A student who has been absent from school during a semester for a total of **(20)** or more school days, shall not be eligible to participate in an inter-school practice, scrimmage, or contest until the student has been in attendance for a total of forty-five (45) school days following the student's 20th day of absence. Students must obtain permission from the Principal or Athletic Director to have their privileges reinstated. The length of suspension will be determined by the nature and severity of the infraction.

Parental requests to withhold athletic activities will be obliged.

Involvement in delinquent, gang affiliation or criminal activity outside of school will result in ineligibility or dismissal from the team.

Academics:

Teachers will update their grades on Friday. An eligibility list will be distributed to the Coaches on Monday. If a student is not passing a class, the

Detentions are not served before the extracurricular activity	cannot participate on the day of an activity

The student is placed in an alternative education program after the season begins	will not be permitted to participate in any athletic programs without special permission from the principal

coach will be notified by either the teacher, or Athletic Director. Students earning one or two F's will be given one week to bring the grades up to passing. This is a district rule more stringent than the PIAA regulations for athletes. If in the event the grades are not brought up by the next Friday, the student will become ineligible immediately. Grades reported by the teacher shall be cumulative from the beginning of a grading period. **All other rules will follow the PIAA Constitution.**

***Any Student-Athlete receiving a D or F must attend a mandatory study table from 3-4 PM after school. Students not attending will be ineligible for the following week.**

The PIAA states that students must be passing at least four full-credit subjects, or the equivalent. Any student not meeting this requirement is ineligible from the immediately following Sunday through the Saturday immediately following the next Friday. In most cases this will be any student receiving three F's.

Coaches are encouraged to consult the teacher for any athlete ineligible due to grades, to learn the reason and measures necessary for the student to become eligible.

The athletic director will collect the weekly roster on Friday and determine who is academically ineligible. Written notification will be sent to the coach and the high school principal no later than Monday listing athletes who are ineligible. In the event that there is a competition on Sunday, the coach and high school principal will be notified by Friday. ***It is the coach's responsibility to notify the athlete and parent/guardian and***

see to it that the student complies.

A student who corrects his/her deficiencies sufficiently by attending summer school would regain eligibility once the summer school records are verified.

Students may file an appeal, verbally or in writing, with the Principal or Athletic Director if they are declared ineligible. This must be done within the first three days of ineligibility. Parents, guardians and/or coaches may accompany or support students with their appeals, but may not make the appeal for them. High Honor Roll status will be awarded each nine weeks to those students who achieve a grade point average (GPA) between 3.7 and 4.0 and do not have any U's or NI's. *Honor Roll* status will be awarded to those students who achieve a GPA between 3.3 and 3.69 and who do not have any U's or NI's. *Honorable Mention* will be awarded to those having a GPA between 3.0 and 3.29 and without any U's or NI's.

HEALTH SERVICES

Students who are ill or need minor first aid should be sent to the Nurses' Office with a pass. Only in a case of severe emergency will the student be permitted to stop between classes.

Students with over the counter medicines should submit those to the Nurse's office immediately upon their arrival to school with a notice from the parent/ guardian. **No** drugs are to be taken by any student without the explicit knowledge and distribution from the nurse.

Medication Distribution Guidelines (during school hours)

1. No medication can be given until the parent/guardian completes and signs a permission form for the administration of medication at school.
2. Your child's doctor must complete the bottom of the permission form or provide a signed medication order. If this is not done, we confirm the order by contacting the doctor's office by phone or fax. This usually results in a delay in starting the medication at school.
3. Morning medication doses are to be given at home before the child leaves for school.
4. The school nurse or nurse's aide will administer prescribed medications during the school day.
5. An adult must deliver all medication to school. Do not send any medication to school with your child.
6. Medication brought to school must be in a pharmacy bottle with clear labeling and directions. Do not bring unlabeled medications to school since we cannot administer unidentified medication.

7. It is the parent's responsibility to provide adequate supplies of your child's medication. Please be aware of how many doses you are providing and how long it will be before you need to supply additional medication. Take into account the time needed to get a new prescription from the doctor.
8. You will be called or a note will be sent with your child three days before a new supply of medication is needed.
9. On delayed start days, give your child's morning dose at the usual time to avoid timing problems with the lunch dose. If you change the time of the morning dose, it is your responsibility to notify the nurse on that day so the time of the lunch dose can be adjusted.
10. Any changes in medications or dosage must be reported by you to the school nurse immediately. We cannot accept the word of a child on medication changes.

The District reserves the right to remove a user account from the network to prevent further unauthorized or illegal activity if such activity is discovered.

The Board establishes that use of the Internet and the District's technology resources is a privilege, not a right. Inappropriate, unauthorized and illegal use will result in the cancellation of those privileges and other appropriate disciplinary action.

The District shall make every effort to ensure that all technology resources are used responsibly by students, employees and other individuals. Students and staff have the responsibility to respect and protect the rights of every other user in the District and on the Internet.

Administrators shall have the authority to determine what constitutes "inappropriate use" and their decisions are final.

System security is protected through the use of passwords. Failure to adequately protect or update passwords could result in unauthorized access to personal. To protect the integrity of the system, the following guidelines shall be followed:

1. Students are not permitted to use teacher or staff computers.
2. Students are not permitted to share usernames and passwords
3. Users are not to use a computer that has been logged in under another individual's name.
4. Any user identified as a security risk or having a history of problems with other computer systems may be denied access to the network.

Special Education: 342,23; 14.25 (b); 14.21 (a)

The Farrell Area School District seeks to identify any handicapped child, ages 3-6, and a resident of the Farrell Area School District. The specific purpose is to engage the parent/guardian and child in early identification and to institute the appropriate education interventions. Confidentiality of information is guaranteed. Parents/guardians of identified special education students are afforded specific rights by law. These rights are, but not limited to, annual program review, request for evaluation/re-evaluation, records review and specific procedural rights in matters of dispute over education programs/planners. For information regarding services, activities, programs and facilities that are accessible to and usable by handicapped persons, contact Special Education Director at 724-509-1278.

Chapter 16: Gifted Education

The Farrell High School offers an enrichment program for students who are mentally gifted. Parents may obtain information about evaluation for “thought to be gifted” students from the Special Education Director.

Procedures Regarding Handicapped Students

The Farrell Area School District assures all handicapped students will be provided with an equal opportunity to participate in extra-curricular programs and activities as are non-handicapped students. Handicapped students will be provided with reasonable support services or accommodations in accordance with individual needs. If you feel a handicapped student is in need of additional support services, or if you have any questions concerning this, please contact the Special Education Director.

Chapter 15: Protected Handicapped Student

A protected handicapped student is a school age student with a physical or mental disability that substantially limits or prohibits participation in or access to any aspect of the school program. In compliance with State and Federal Law, the Farrell Area School District will provide to each protected handicapped student without discrimination or cost to the student or family, those related aids, services, or accommodations which are needed to provide equal opportunity to participate in and obtain the benefits of the school program and extracurricular activities to the maximum extent appropriate to the student’s abilities. These services and protections for “protected handicapped student” are distinct from those applicable to all eligible or exceptional students enrolled (or seeking enrollment) in special education programs.

Annual Public Notice of Special Education & Early Intervention Services and Programs

It is the responsibility of the Pennsylvania Department of Education to ensure that all children with disabilities residing in the Commonwealth, regardless of the severity of their disability, and who are in need of special education and related services, are identified, located, and evaluated. This responsibility is required by a federal law called the Individual with Disabilities Education Act (IDEA).

The IDEA requires each state educational agency to publish a notice to parents in newspapers or other media before any major identification location or evaluation activity. The IDEA requires this notice to contain certain information. Pennsylvania law requires each school district to fulfill this notice requirement by providing an annual public notice.

The school district is required by the IDEA to provide a free appropriate public education to children with disabilities who need special education and related services. Pennsylvania has adopted state laws which conform with the IDEA and which school districts must follow. In Pennsylvania a school age child with disabilities who needs special education and related services is identified as a child with a disability. Students are exceptional if they need specially designed instruction and have one or more of the following physical or mental disabilities:

- Autism/Pervasive Development Disorder
- Deaf-Blindness
- Deafness
- Emotional Disturbance
- Hearing Impairment
- Intellectual Disabilities
- Multiple Disabilities
- Orthopedic Impairment
- Other Health Impairment
- Specific Learning Disability
- Speech or Language Impairment
- Traumatic Brain Injury
- Visual Impairment Including Blindness

In Pennsylvania, students also qualify as exceptional if they require specially designed instruction and are determined to be mentally gifted. Also, school districts are required to conduct child find activities for children who may be eligible for gifted services via 22 PA Code Chapter 16. For additional information regarding gifted services, the parent may refer to 22 PA Code Chapter 16. If a student is both gifted and eligible for Special Education, the procedures in IDEA and Chapter 14 shall take precedence.

Early Intervention

IDEA requires the provisions of a free appropriate public education (FAPE) to children with disabilities between 3 years of age and the school district's age of beginners. In Pennsylvania, a child between 3 years of age and the school district's age of beginners who has a developmental delay or one or more of the physical or mental disabilities listed above is identified as a child with a disability. Developmental delay is defined as a child who is less than the age of beginners and at least three years of age and is considered to have a developmental delay when one of the following exists: (i) the child's score, on a developmental assessment device, an assessment instrument which yields a score in months, indicates that the child is delayed

by 25% of the child's chronological age in one or more developmental areas, or (ii) the child is delayed in one or more of the developmental area, as documented by test performance of 1.5 standard deviations below the mean on standardized tests. Developmental areas include cognitive, communicative, physical, social/emotional and self-help. For additional information you may contact the Early Intervention Program Supervisor at Midwestern Intermediate Unit IV, 453 Maple Street, Grove City, PA 16127 or (724) 458-6700.

These children are afforded the rights of school age exceptional children, including screening, evaluation, individualized education program planning, and provisions of appropriate programs and services. The Pennsylvania Department of Education is responsible for providing programs and services to these children under Act 212 of 1990, the Early Intervention Services System Act.

Screening

Each school district must establish and implement procedures to locate, identify, and evaluate students suspected of being exceptional. These procedures include screening activities, which include but are not limited to: review of group-based data (cumulative record, enrollment records, health records, and report cards); hearing screening (at a minimum of kindergarten, special ungraded class, first, second, third, seventh, and eleventh grades); vision screening (every grade level); motor screening; and speech and language screening.

In schools which have an Instructional Support Team (IST) or child study team or Multi Tiered System of Support (MTSS), the above screening activities may be a consideration used by these teams as another level of screening. Parents and members of the professional staff of the student's school have the right to request screening by the IST or child study team.

Except as indicated above or otherwise announced publicly, screening activities take place in an ongoing fashion throughout the school year. Screening is conducted in the student's home school unless other arrangements are necessary. Telephone numbers and addresses can be found at the end of this notice for more information.

Evaluation

When screening indicates that a student may be exceptional, the school district will seek parental consent to conduct an evaluation. "Evaluation" means procedures used to determine whether a child has a disability and the nature and extent of the special education and related services that meet the child's needs. The term means procedures used selectively with

an individual child and does not mean basic tests administered to or procedures used with all children.

In Pennsylvania, this evaluation is called a multidisciplinary evaluation (MDE). It is conducted by a multidisciplinary team (MDT), which must include a school psychologist, a teacher and the parents. The MDE process must be conducted in accordance with specific timelines and use procedural safeguard procedures. For example, tests and procedures used as part of the multidisciplinary evaluation may not be racially and culturally biased.

The MDE process results in a written evaluation report called an (ER). This report makes recommendations about a student's eligibility for special education based on the presence of a disability and the need for specially designed instruction. The evaluation report also makes recommendations for educational programming regardless of whether or not the team recommends that the student is exceptional. Once parental consent for an evaluation is obtained, the school district has timelines and procedures specified by law, which it must follow.

Parents who think their child is a child with a disability may request, at any time that the school district conduct a multidisciplinary evaluation. This request should be made in writing to the Coordinator of Special Education Office. If a parent makes an oral request for a multidisciplinary evaluation the school district shall provide the parent with a form for written permission. Instructional Support (IS) activities or MTSS do not serve as a bar to the right of a parent to request, at any time, including prior to or during the provision of instructional support activities, a multidisciplinary evaluation. For information about procedures applicable to your child, contact the school which your child attends. Telephone numbers and addresses can be found at the end of this notice. Parents of preschool age children three through five may request an evaluation in writing by addressing a letter to the Early Intervention Program Supervisor at Midwestern Intermediate Unit IV, 453 Maple Street, Grove City, PA 16127 or by contacting the Preschool Connection at 1-800-345-0033.

Parents also have the right to obtain an independent educational evaluation. The school district must provide to parents, on request, information about where an independent educational evaluation may be obtained.

Consent

School entities cannot proceed with an evaluation, or with the initial provision of special education and related services, without the written consent of the parents. For additional information related to consent, please refer to the Procedural Safeguards Notice which can be found at the PaTTAN

website at www.pattan.net. Once written parental consent is obtained, the school district, intermediate unit or charter school will proceed with the evaluation process. If the parent disagrees with the evaluation, the parent can request an independent education evaluation at public expense.

Program Development

Once the evaluation process is completed, a team of qualified professionals and the parents determine whether the child is eligible. If the child is eligible, the individualized education program (IEP) team meets, develops the program, and determines the educational placement. Once the IEP team develops the program, and determines the educational placement, school district staff, intermediate unit staff, or charter school staff will issue a notice of recommended educational placement/prior written notice. Your written consent is required before initial services can be provided. The parent has the right to revoke consent after initial placement.

Educational Placement

A single test or procedure may not be the sole factor in determining that a child is exceptional. The IEP team must include a district representative, the student's teacher, special education teacher and the parents. If the student is determined to be exceptional an IEP will be developed.

An IEP describes a student's current educational levels, goals, and objectives, and the individual programs and services, which the student will receive. IEP's are reviewed on an annual basis. The IEP team will make decisions about the type of services, the level of intervention and the location of intervention.

Placement must be made in the least restrictive environment in which the student's needs can be met with special education and related services. All students with disabilities must be educated to the maximum extent appropriate with children who are not disabled.

Services for Protected Handicapped Students

Students who are not eligible to receive special education programs and services may qualify as protected handicapped students and therefore be protected by other federal and state laws intended to prevent discrimination. The school district must ensure that protected handicapped students have equal opportunity to participate in the school program and extracurricular activities to the maximum extent appropriate for the individual student.

In compliance with state and federal law, the school district will provide to each protected handicapped student without discrimination or cost to the

student or family, those related aides, services, or accommodations which are needed to provide equal opportunity to participate in and obtain the benefits of the school program and extracurricular activities to the maximum extent appropriate to the student's abilities. In order to qualify as a protected handicapped student the child must be of school age with a physical or mental disability, which substantially limits or prohibits participation in or access to an aspect of the school program.

These services and protections for protected handicapped students are distinct from those applicable to all eligible or exceptional students enrolled (or seeking enrollment) in special education programs.

The school district or parent may initiate an evaluation of a student under the laws, which protect handicapped students. Parents who wish to have a child evaluated should contact the building principal or the Office of Special Education.

Confidentiality

Each school district protects the confidentiality of personally identifiable information regarding its exceptional and protected handicapped students in accordance with the Family Educational Rights and Privacy Act of 1974 (FERPA) and other applicable federal and state laws.

The Family Education Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. The age of majority in Pennsylvania is 21. These rights are:

1.) The right to inspect and review the student's education records within 45 days of the day the school receives request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2.) The right to request the amendment of student's education records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students may ask the school to amend a record that they believe is inaccurate. They should write the school principal (or appropriate school official) and clearly identify the part of the record they want

changed, and specify why it is inaccurate. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3.) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent is disclosure to school officials with legitimate education interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her task.

A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility.

4.) The right to file a complaint with the U.S. Department of Education concerning alleged failure by the school district to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, S.W.
Washington, DC 20202-4605

The school district maintains its education records in compliance with the guidelines for the collection, maintenance and dissemination of pupil records. Category "A" data which includes the minimal personal data necessary for operation of the school district will be maintained for a minimum time period of a 100 years. Category "B" data which includes verified information of clear importance, but not absolutely necessary to the school, over time, in helping the child or in protecting others will be maintained until the child leaves school. Category "C" data which includes potentially useful information, but not yet verified or clearly needed beyond the immediate

present, will be reviewed at least once a year and destroyed as soon as its usefulness has ended.

In addition, the school district may release “directory information” without parental consent unless a prior written objection to the release of such information is provided to the school district by the parent(s). “Directory information” includes the following: student’s name, address, telephone listing, date and place of birth, photographs, videotapes, major fields of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, duties of attendance, honors and awards received. If you object to the disclosure of this information, you must submit a written letter of objection to the school district. Written objections for students 3-5 years old should be mailed to Midwestern Intermediate Unit IV at 453 Maple Street, Grove City, PA 16127.

For additional information related to student records, the parent can refer to the FERPA at the following url: <http://www.ed.gov/policy/gen/quid/fpco/ferpa/index.html>

Procedural Safeguards

Procedural safeguards protect the rights of parents and students. These safeguards include the following:

Parent’s consent is always required prior to:

- Conducting an initial (for the first time) evaluation or a reevaluation,
- Initially placing a child with a disability in a special education program,
- Disclosing to unauthorized persons personally identifiable information.

The school district must notify parents in writing whenever it wants to begin, change, or discontinue special education and related services. Along with this notification, the school district will provide the parents with a comprehensive, written description of their rights.

Parents who disagree with such actions proposed or refused by the school district have the right to request a hearing by an impartial third party using a procedure called due process.

Before a due process hearing will take place, the district must convene a preliminary meeting with the parent and the relevant member(s) of the IEP team in an attempt to resolve issues without the need for a due process hearing.

Pennsylvania has also made mediation services available throughout the Commonwealth at Commonwealth expense. Mediation services help parents and agencies involved in a dispute over special education to attempt to reach a mutually agreeable settlement with the assistance of an impartial mediator. Mediation is completely voluntary. Mediation does not deny or delay a party's right to a due process hearing.

School districts also have the right to initiate due process in certain situations. During a due process procedure, a student must remain in the last agreed upon educational placement (a status called pendency). Due process procedures are governed by timelines and procedures in Pennsylvania law. Throughout due process, an attorney may represent parents.

Due process hearings are oral personal hearings and are open to the public, unless the parents request a closed hearing. The decision of the hearing officer shall include finding of fact, a discussion, and conclusions of law. The decision of the hearing officer may be appealed to the appropriate court.

Each school district must make available, upon request, printed information regarding special education programs and services and parent due process rights. This printed information is available from each building principal and/or the Office of Special Education.

Mode of Communication

The content of this notice has been written in straight forward, simple language. If a person does not understand any of this notice, he or she should contact the school district or IU and request an explanation.

The school district or IU will arrange for an interpreter for a parent with limited English proficiency. If a parent is deaf or blind or has no written language, the school district or IU will arrange for communication of this notice in the mode normally used by the parent (e.g. sign language, Braille, or oral communication).

Sign out sheets must be appropriately signed when office permission is granted. All students must have parent/guardian approval **and** administrative approval. Students are **NOT** permitted to leave the school building without permission. Failure to follow these rules will result in suspension. - A. Books will be loaned for a period of two weeks.
- B. Overdue books will accrue five cents per school day fine.
- C. Books not returned to the library on the day they are due will collect a fine
- D. All books will naturally be stamped with the due date so there will be absolutely no excuse for overdue books.
- E. Each person is responsible for paying his/her own fine in person, failure to do so will result in the student's report card being withheld until the obligation is met.

- F. Students will be required to pay for lost and/or damaged books at the end of each grading period.
- G. The Internet Usage Policy must be signed by parents/guardian before students use the Internet in the library.

3. ***Lockers are subject to inspection by authorized persons at any time.*** School personnel may search lockers without student permission, if there is a reason to do so.
4. **Only school issued locks are to be used during the school year. A lock can be purchased for \$5.00 and if the lock is returned at the end of the school year the student will be refunded their money.**
5. The lockers are the property of the school. It is the responsibility of each student to keep the assigned locker clean by treating the facility with respect. If a locker malfunctions, it will be repaired upon reporting the problem to the office. Any change in locker assignment will be made by the administration.
6. Students have no option as to the location of their lockers. Lockers are assigned by the administration only.
7. Students should not bring large sums of money or other valuables to school with them. If it becomes necessary, they should check such valuables in the principal's office or physical education teacher's office until needed and not place them in their lockers. **The District is not responsible for any valuables reported "missing or stolen" from any locker.**

Items found in and around the building should be turned in to the office. Any person who has lost an article may take inquiries to the secretary. Unclaimed items will be donated to a local charity at the end of each quarter.

PRIVACY RIGHTS OF STUDENTS AND PARENTS

Privacy:

The *Family Educational Rights & Privacy Act* protects the privacy of the student's educational records. This legislation also allows schools to release directory information of their students without consent as long as they make notice to parents and eligible students of the release of such information and allow them a reasonable amount of time to request that the school **not** disclose directory information about them.

The school **MAY NOT** release information to any other persons other than those listed above unless:

- Consent from the student's parent has been obtained indicating to whom the records are to be sent.
- A judicial order has been issued or the agency has the power of subpoena.

Parents or guardians may have access to a student's permanent record file. The school presumes that either parent of the student has authority to inspect and review the education records unless the school has been provided with evidence that there is a legal binding instrument or a state law or court order governing the divorce, separation, or custody stating the contrary.

All requests by parents/guardians to review student records will be made

to the Principal.

The School District and its employees are required by Federal Law and State and Federal rules and regulations to protect the rights of students. The foundation of these rights comes from federal legislation entitled Family Educational Rights and Privacy Act of 1974 (also known as the Buckley Amendment). There are some rules and regulations dealing with regular and special education students' rights and privacy. All students are covered by the state regulations contained in Chapter 12, known as Students' Rights and Responsibilities. The basic premise of these laws, rules and regulations is that information about students cannot be disclosed without written parental consent.

Access to Student Recruiting Information:

Under the *Family Educational Rights & Privacy Act*, the local educational agency must provide notice to parents of the types of student information that it releases publicly. This type of student information, commonly referred to as "directory information," includes such items as names, addresses, and telephone numbers and is information generally not considered harmful or an invasion of privacy if disclosed. The notice must include an explanation of parent's right to request that the information not be disclosed without prior written consent. Additionally S 9528 requires that parents be notified that the school routinely discloses names, addresses, and telephone numbers to military recruiters upon request, subject to a parent's request not to disclose such information without **written consent**. The local educational agency shall notify the students and parents of the option to make such a written request at least 21 days prior to compliance of the list, and shall comply with any request. Again, any junior that does not want their name, address, and phone numbers released to the military or college recruiters must provide the Administration with the request that they be removed from the distribution list at the beginning of the school year. This is in compliance with Act 10 of legislation passed in 1991.

R

REPORT CARDS

Each student is issued a computer generated report card. All students will receive their report cards the first quarter, **but** if the student has any monetary or inventory obligations (a fine) subsequent report cards will be **withheld** until the fines are paid. Student report cards will be carried home by the pupil for the second and third nine-week periods. For the fourth quarter, report cards or fine cards will be mailed home.

Please refer to the report card for further information on grades, comments and attendance. Special attention should be made of comments and attendance. Any inquiries should be made through the Guidance Office at **724-509-1205**.

S

SCHOOL WIDE POSITIVE BEHAVIOR SYSTEM

To improve student performance and increase teacher instructional time by providing explicit and consistent instructions on appropriate behavior. In order to accomplish this, the Farrell Area Elementary School has adopted School-Wide Positive Behavior Support (SWPBS), an evidence-based discipline practice. School Wide Positive Behavior Support is a research-based approach to promote appropriate student behavior and increased learning across all education environments. Research has shown that changes such as: differentiated instructional practices; improved instructional delivery; consistent non-punitive discipline practices; opportunities for students to learn pro-social and self-management skills; consistent, clear rules and high performance expectations; and consistent enforcement of rules contribute to high achievement and pro-social behavior in children and adolescents.

The goal of SWPBS is academic and social success. We have established clear rules for the behaviors expected in all areas of our school. This goal is accomplished through the developments of universal expectations for ALL students, support plans for students at risk, and individualized programs for students with significant behavior challenges.

We believe that nothing can stop students from learning and performing their best, when, as a community, we embrace Clear Behavior Expectations. Attached you will find a Matrix of Student Rules and Behavior Expectations for all areas in the school building. Student expectations will be defined, taught, modeled, and monitored throughout the school year.

Our behavioral expectations are centered around the acronym: Farrell Students are: B.L.U.E. and GOLD.

B- Be respectful

L- Live responsibly

U- Uphold integrity

E- Encourage others

What will my child experience with SWPBS?

- The school year will begin with a “kick off” event in which students

will be informed of what behavioral expectations are and what they look like.

- B.L.U.E. and GOLD 200 Club- This is an individual acknowledgment system in which 10 random students per day earn a ticket for living B.L.U.E. and GOLD. Their names are put on a grid chart similar to a BINGO chart. Once a column of 10 students is filled, those 10 students will earn a special reward! All students are recognized for earning a B.L.U.E. and GOLD ticket with a phone call home, a rewards certificate and their name displayed on the board for all to see!
- Announcements will be made at the end of the day recognizing all of the B.L.U.E. and Gold 200 club ticket earners.
- Periodic rewards to recognize those students who earned: Caught Being Good, Honor Roll, Honorable Mention and Perfect Attendance at the conclusion of a grading period.
- Student of the Month- Awarded to students who serve as a positive role model and meet or exceed the expectations of a Farrell Area Student.
- Signage- Throughout the building, students are reminded of the expectations in the various areas with signs indicating appropriate behavior in order to live B.L.U.E. and GOLD.

*****SEE BEHAVIOR MATRIX ON PAGE 54*****

STUDENT RECORDS (CONFIDENTIALITY)

The school may, without parental consent, release a student's permanent record file to:

 - C. Officials of other secondary school systems in which a student intends to enroll (parents are to be notified of the transfer).
- D. Any other entity legally allowable that may have a legitimate educational interest.

SCHEDULING

Refer to Program of Studies for scheduling particulars, available in the Guidance Office. Once a schedule is made, student schedules should be viewed as a contract between the student and the school. Additionally, due to the restrictions on scheduling that result from the size of our school, students may not drop a course for a study hall or drop a more challenging course for an easier selection. For example, while Introduction to Art can be challenging, students cannot drop Calculus to take it.

After the second week of school, students are permitted to request course changes **ONLY** for the following reasons:

- Health problems verified by a physician
- Computer errors or conflicts
- Need to earn credit(s) for graduation (seniors only)
- Accommodations to allow students to take college classes
- Emergency situations as deemed appropriate by the principal in consultation with the guidance counselors and teacher(s)

Any other circumstance that results in students dropping a class will result in a W/F (withdrawal/failure) on their report card and transcript. The failure will be calculated into their final grade point average and class rank. Students must make all schedule changes before the mandated deadline.

SEVERE WEATHER— SCHOOL CLOSINGS/DELAYS

In case of severe weather such as snow, low temperatures, ice, etc. the official announcement for school closings will be issued via telephone through School Messenger; therefore it is imperative that all contact information is correct in the office. STUDENT ASSISTANCE PROGRAM (S.A.P.)

The Farrell Area School District wishes to publicly acknowledge our leadership responsibility in addressing adolescent dysfunctional and/or self-destructive behaviors that are serving to block growth and learning in our students. The Student Assistance Team may assist in matters pertaining to these issues. If questions arise, student and parents may contact the principals or guidance counselor for more information.

ACT 211 and S.A.P.

On December 19, 1990, Governor Casey signed into law Act 211. This law requires that every public school student receive instruction in alcohol, chemical, and tobacco abuse in every grade from kindergarten through grade twelve. This instruction may also be integrated into other appropriate courses of study. In grades where health is not offered, drug education instruction shall be integrated in another appropriate curriculum requirement as listed in PA. Code 5.4 (b). Curriculum planners in your district should be aware of the law's stipulations regarding the type of instruction offered to students. Under Act 211, the instruction must; be age appropriate, be sequential in its methods of study, convey a no use message regarding alcohol, tobacco, and controlled substances and communicate to students that the use of illicit drugs and the improper use of legally obtained drugs is wrong.

Act 211 also requires school districts to provide in-service training programs for teachers whose responsibilities include instruction in alcohol, tobacco, and chemical abuse. This pertains to health teachers who are teachers of other subjects in which drug and alcohol instruction is integrated into their planned course of study. In order to satisfy this requirement, districts may utilize in-service training offered by the Department of Education or other appropriate drug prevention agencies.

In accordance with the above guidelines, the Farrell Area School District has been involved with student assistance programs at both the elementary and secondary levels for several years. In addition, community representatives have worked with the student support teams.
