The Men's Volleyball program at Farrell began competing during the 1973/74 School Year (1974 season) thanks to Edward J. McCluskey, during his tenure as Athletic Director. During their inaugural season, the team won its first of 6 consecutive section titles. The program continued to thrive even though Farrell was one of the smallest schools to support Men's Volleyball. In fact, Men's Volleyball in Pennsylvania only held one classification which meant Farrell was competing against many much larger Quad A schools. It was not until the 2006-2007 school year (2007 season) that the PIAA split Men's Volleyball into two classifications (Double A & Quad A) because of continued popularity and the growth of the sport in Pennsylvania and around the country. Even with the classification split, Farrell is still one of the smaller schools competing in Double A. The 2007 season is also the first year that the program competed in District 10. Prior to then Farrell was a member of the WPIAL, winning two titles and a earning a number of state playoff births.
