

SECTION: ADMINISTRATIVE EMPLOYEES

TITLE: COMMUNICABLE DISEASES

ADOPTED: December 10, 1990

REVISED:

# Farrell Area School District

## 314.1. COMMUNICABLE DISEASES

### 1. Responsibility

Any employe who is diagnosed as having a communicable disease is required to report this fact to the Superintendent.

The employe may be excluded from employment at the discretion of the Superintendent until such time a panel is convened to make a recommendation in the case.

### 2. Guidelines

The panel shall consist of the building principal, the school physician, the employe's attending physician, the school nurse, and the local health official. Utilizing the latest information from the Centers of Disease Control, within ten (10) days the panel will make a recommendation to the Superintendent who will then make the final decision.

All decisions shall be made on an individual basis and shall be based on the susceptibility of the employe to other disease and on the likelihood of risk to others in the school environment. The decision shall be reviewed for a period of time determined by the panel.
